Dear Partners and Friends...

Greetings from FGCU & Florida Southwestern State College.

"But seek ye first the kingdom of God, and His righteousness, and all these things shall be added to you." Matthew 6:33 -KJV

God continues to be in the turnaround business on our campuses this year! As my *faculty, student leaders* and I have focused on seeking Him and planting and watering where the Holy Spirit has led, He has been faithful to give us increase (1 Corinthians 3:6; 1 Thessalonians 5:24).

As I wrote in the Fall newsletter, we were thrilled to see ministry physically reestablished at *FSW and FGCU* in the Fall. God gave us favor and fruitful *outreach tables, daytime Bible studies, evening dormitory Bible studies* and an open door of interest at additional colleges in the area.

So far this January God has blessed us with *additional student leaders* on each campus, *young Christians to disciple*; and we have had the privilege of *leading several students to Christ*.

One of the other prayers we prayed in 2021 was to start seeing *Nurses Christian Fellowship* (one of InterVarsity's "Focused" or niche ministries) on additional colleges in Southwest Florida. So our *FGCU NCF group* began prayerfully reaching out and following up on contacts. So far we have met with interested nursing students and faculty at *Nova SE Ft Myers campus*, given them a *launch packet*, and have had initial conversations with contacts at *FSW, Rasmussen and Ave Maria*. We are also seeking contacts at *Hodges and Kaiser*.

Thank you for your continued faithful prayers and support as we co-labor with Jesus to establish and advance, on Southwest Florida colleges. We're witnessing communities of students and faculty following Jesus as Lord and Savior and growing in our love for God, God's Word and God's people of every ethnicity and culture in the world!

Your Campus Missionary, *Bill*
